NORWAY AND VICINITY
Mrs. S. H. Hayes, who has been spending several days recently with Mr. and Mrs. H. L. Horn, returned to Brooklyn, N. Y. Wednesday. The first of February Mrs. Hayes, accompanied by her daughter, Mrs. Louise H. Baker, and family will go to Pine Hurst, South Carolina, for several months' stay.
The selectmen are sending out to the owners of real estate in the town notices requesting that all orchard and shade trees on their premises be cleared of brown-tail moth nests before Feb. 10, and if these orders are not complied with before the specified time, the nests will be destroyed by the town and the actual expense will be charged up in next year's taxes to those on whose premises the nests are found.
The What's your name? "Walter," was the prompt reply. "What's the other name?" "Smith," "Walter Smith, then, hey?" "Yes, why?" "Oh nothing, cold coming." "Yes, I know it," was the reply. The big man took from his pocket some coin and showed the youngster—a bright Lincoln penny and a dulled colored dime. "You can make your choice." The aforesaid little Walter Smith shunned the shining penny and took the dime with a "thank you." He knew values.

A new plan is being tried at the Methodist church concerning the morning service and Sunday school. The preaching service opens at 10.30 a. m. and continues until nearly 11.30, which is immediately followed by the Sunday school session, omitting opening and closing exercises, and closes at 12 o'clock. The object of this order of service is to get the children to come to church and to have the adults stop to Sunday school. This order will be tried during the month to see if it meets approval.
Optometrist Parmenter left Norway, Wednesday, Jan. 10, on the morning train for a week's pleasure and business trip. Stopping at Portland to attend the afternoon and evening sessions of the Maine Association of Optometrists; also the Dutch lunch served at the Congress Square Hotel at 9 p. m., will leave on the afternoon train of Thursday for Boston to attend to business matters. Saturday he will take the train for New York, to attend to some automobile business and make arrangements to have a car in Norway early next spring. Tuesday, Parmenter will return to Boston and will have some of the best of his services to get the children to come to church and to have the adults stop to Sunday school. This order will be tried during the month to see if it meets approval.
C. E. Russell began cutting ice on Lake Penness-eawasse, Monday morning. For several years there has not been ice enough to last all the season and the very last of the summer or early fall if the ice is supplied to the towners it has to be got from other ice buyers. This is not so much due to the insufficient amount packed as during the first of the season more or less ice is wasted by supplying a larger amount of ice than required for the colder weather than prevailing. When the hot weather comes the ice is so reduced that a fear there will not be enough to supply demands gives a greater care and people feel if they could have some of the big pieces of ice they did not need in the colder weather in the hot days it would be better for them and for the ice company of whom they buy it. It is hoped some arrangements may be made this coming season that will be satisfactory to all interested parties.
At the Congregational Church on Sunday, January 21st, Mrs. Ida Vose Woodbury of Boston, will occupy the pulpit. Mrs. Woodbury held Representative for the American Missionary Association, and in her official capacity has traveled extensively in North America. She is familiar with all classes and both races of the South; with their traditions, customs and problems. She tells a most fascinating story of the people of whom John Fox Jr. has written. Mrs. Woodbury knows something of frontier and life in the isolated parts of our country at first hand; and with her eloquent voice is well qualified to tell most interestingly upon many phases of life little understood by a large number of Americans. This offers an excellent opportunity for Norway people to hear an instructive and interesting address. Upon this date, Jan. 21st, there will be only one service in the church, the morning service. The evening service will be omitted.

Annette Bennett, M. D.
Dr. Annette Bennett died at the home of her sister, Mrs. E. F. Bicknell, on Orchard street, Tuesday, Jan. 9th, at 11.30 a. m., of cancer of the lungs caused by surgery. Her age was 53 years.
Dr. Bennett was born in Buckfield, March 17, 1858, the daughter of George and Lephia M. (Pillsbury) Bennett. She lived in Buckfield eighteen years, in Norway ten years, Chicago six years, then returned to Norway and after twelve years, spent some time in Portland and two years in Augusta.
The first ten years of her residence in Norway she worked in the shoe factory. While in Chicago she was a student, nurse and physician. On her return to Norway she practiced her profession as physician and was town physician a number of years during that time. While in Augusta she was one of the house physicians in the Isaacs Hospital, where she was doing a great work among the women patients and was greatly loved and appreciated. On account of her ill health she was obliged last April to give up her work.
She was educated in the public schools of Buckfield and the Hannan Medical College of Chicago. Besides she did much private reading and study to fit her for her position.
She was a member of the Norway Universalist church. She was also a Rebeah in Mt. Hope Lodge, Norway; a member of the Cumberland and York Co. Home Medical Society of Portland; the W. G. T. U. and Browning Reading Club of Norway.
She leaves three brothers and four sisters besides several nieces and nephews.
It seems sad that she should lose her health in the time of life when apparently there should have been many more years of usefulness, and when she was occupying the position where she was doing so much good among Maine's unfortunate insane. Her illness has been of a nature hard to bear, but she brought to her time of trial her usual patience and cheerful good nature. Everything that medical skill could do was done for her both in the hospital and later in the home.
The funeral is from her sister's on Orchard street, Friday, Jan. 12, at 2 o'clock p. m., attended by the pastor of the Universalist church, Rev. M. C. Ward. The interment in Pine Grove cemetery.

Ten Dollars for Lake Road Improvement.
Don O. Seitz of the New York World noticed the impoverished condition of the treasury of the Lake Road Improvement Association and forwarded a check of \$10. It is accepted with thanks. This brings the deficiency down to \$9.17.
The directors of this association have decided to set out several hundred elm trees on the water side of the road next spring.
In fact a contract was made to have this work done last fall but the person engaged failed to do it.
It will be done in the spring and will require an outlay of more money. Some cedar trees are also to be set out.
It has been suggested that the guard rail which was put up by the town, be painted. It would have been done but the committee who had it in charge would not agree on the color of paint to be used. Some insisted on red, others on dark green, bright olive and white. At the next meeting of the association, the color will be definitely decided and if sufficient funds can be raised the guard rail from the ice house to Norway Lake village will be painted.
At the last meeting it was unanimously voted that all advertising signs on the roadside—only a few remain—be taken down and destroyed. The secretary and treasurer was authorized to do it. It will be done.
Advertising signs legally posted will not be disturbed, others will come down.
Again we wish to thank Mr. Seitz for his generous contribution.

Installation of Harry Rust W. R. C.
The annual installation of Harry Rust W. R. C. officers occurred at G. A. R. hall, Thursday, Jan. 4, at 8.30 p. m. The regular business meeting was held at 2.30 p. m. followed by a most excellent supper at 6.45 p. m. under the special management of the executive committee, Alta J. Sheen, chairman.
Two long tables were well filled with viands and their wives and Corps members and their husbands. At the close of the supper, the retiring president, Clara I. Jordan, was presented by Mrs. Eva L. Fogg with a beautiful signet ring from the Corps. During her remarks a well known saying was quoted, "as good as gold and as true as steel," and this is what Miss Jordan has proved herself to this Corps, being its secretary eight years in succession and for two years its president. Faithful in all her duties to the Corps, one so well qualified to fill such a position will long be remembered.
At 8.30 p. m. with Mrs. Lizzie Brooks at the piano, the installation service was conducted with Mrs. Clara M. Elliott as installing officer, who displayed her work in a very pleasing manner. A large number of the Post were present at the meeting. All seemed in excellent spirits deciding it one of the most pleasant evenings of the season.

Norway Grange.
The next meeting of Norway Grange will be held Saturday, January 13th, and the members will please remember that the meeting will open at one o'clock in the afternoon.
The new officers will be installed by Fred F. Emory of Bridgton. A light lunch will be served after the installation.
Mrs. Lulu Haskell, who has been caring for Elsie Davis at Rev. A. L. Stone's, has finished work there and gone to the C. M. G. hospital, Wednesday, for an operation.
Leroy Sanderson of East Waterford returned from the Central Maine hospital last Saturday, the 6th. He has been there about a week, and has had taken from him some over 340 gall stones. He is recovering his strength nicely.
The New Idea society met Wednesday afternoon with Mrs. S. D. Andrews. The next meeting will be with Mrs. L. I. Gilbert. The officers are as follows:
Pres.—Mrs. G. F. Stone.
V. Pres.—Mrs. Lester Ashton.
Sec.—and Treas.—Mrs. T. P. Richardson.

NUMBER 2. JANUARY 12, 1912, NORWAY, MAINE. VOLUME XLIII.

Mrs. David O. Smiley.
Elizabeth (Swift), widow of David O. Smiley, died recently at the home of her daughter, Mrs. Boyden B. Lunt, in Fitchburg, Mass. Death occurred on Mrs. Smiley's 79th birthday, resulting from pneumonia.
The deceased was born at Winslow, daughter of Joseph and Melitah (Crosby) Swift. She lived practically her entire life in Benton Falls, until the past five years, since which time she has spent the winters with her children in Fitchburg, Mass., and the summers at her old home at Benton Falls. During her residence in Fitchburg she was a constant attendant at the Rollstone church.
The surviving relatives include four children, Thomas Smiley of Portland, Mrs. B. B. Lunt and Joseph Smiley of Fitchburg, and David O. Smiley of Worcester; and two sisters, Mrs. Elvira Gould of Pittsfield and Mrs. (Susanah) Smiley of Oil City, Pa.

Mrs. Matilda W. Latham.
Niles of Lynn, Mass., wife of Hiram B. Niles, of that city, died at the home of her son, Harry L. Niles, on Monday, Jan. 7, at age being the real cause of her death.
She was a native of Norway and was born on July 12, 1819, Norway at that time being a part of the district of Maine, which was then a part of Massachusetts. Her parents were Stephen and Abigail (Whitman) Latham. She was a direct descendant from William Latham, who came to America as a Pilgrim in 1621, then being a boy and living in the family of Governor Bradford. On her maternal side, her great-grandfather, Deacon Thomas Whitman, in 1727, married Jimima Alden, the great-granddaughter of John Alden and Priscilla Mullens.
Mrs. Niles was of a family of seven sisters and three brothers. One brother having died at the age of 02, and four sisters at the age of 91 or upwards each. Besides her husband, she is survived by her youngest sister, Mrs. Jeanette Loring Latham Loveland of Boston, who was 87 years old at the time of her death, and by two sons, Frank O. and Harry L. Niles, both of Lynn.
Mrs. Niles lived a life of active usefulness, and was one of the most respected residents of Lynn. The funeral took place at 2 o'clock in the afternoon of Wednesday, January 3. There were many floral offerings, and the services were attended by a large circle of relatives and other friends. The interment was in Pine Grove cemetery.

The K. G. E. Ball.
The 8th annual ball given under the auspices of Oxford Castle, No. 2, Knights of the Order of the Eastern Star, Friday evening, Jan. 5th, at the Norway Opera House. On account of the severity of the weather, the attendance was small as it was one of the coldest nights thus far in the season.
There were about a couple of couples on the Grand March, which was led by Carl W. Boynton of Portland and Grace Thibodeau of Norway. The only aid present was George L. Curtis, accompanied by his wife.
Stearns' orchestra furnished music for an order of sixteen dances with extras, and those present agreed that they had a most excellent time.
At intermission, ice cream and cake were served in charge of Mr. and Mrs. C. E. Rangan. The committee on arrangements for the ball were Weston L. Kimball, Vernal A. Rich and Merton E. Everett.
The dances orders contained the empty note of the order, with the Golden Eagle surrounding the shields and swords and were tied with fancy tassels.

Basket Ball.
There will be two games of basket ball at the Norway Opera house, Friday evening, Jan. 12th. The game will be called at 8 o'clock. The games are between Bridgton Academy and the Norway Regulars and the second games between the Lunley Castle Band and the Norway High School.
The boys of the teams are planning for an excellent game. They received their suction sneaks, Monday, the new baskets are already for use, and everything is ready for the game.
After the game there will be dancing, music furnished by Stearns' orchestra.

Esther Wentzle is working at the Norway
Oscar Rich was out with the snow plow long before day break Tuesday morning, and had the village streets well broke out before seven o'clock.

Winslow Sells His Grocery Business.
Elmer E. Durgin of Poland has bought the E. C. Winslow grocery business, the stock and fixtures through the Dennis Pike Real Estate Agency. Account of stock was taken Saturday. Henry Merry of Auburn assisted in stock taking. Mr. Durgin rents the store of Mr. Winslow. Homer Luck, recently with H. J. Bangs, is clerk.
Reed house the head of Main Street. Road commissioner for the past seven years. Some 30 years ago Mr. Durgin worked in the shoe factory here and lived with his parents in the Granville Reed house the head of Main Street. His father was a brick mason and when he made it his home here he worked the most of the time at Gilbertville for the Denisons.
Edward H. Frye, Reader and Monologist. Edward H. Frye the popular reader and monologist is to appear at Concert hall next Thursday evening Jan. 18. He will present his great Lyman success of this season, "The Man From Home." He has been booked here by the entertainment committee of the Ladies Circle from James H. Dunne of Boston, who furnished the talent for the Star Concert two years ago.
Mr. Frye is one of the best known readers. He has appeared before all the prominent Y. M. C. A.'s from the Atlantic to the Pacific. Principal Sargent of the Hebrew Academy said: "Mr. Frye gave us one of the finest entertainments we ever had. His splendid style of portraying humor and pathos simply found us in the fullest sympathy with him." The critical Boston Traveler calls him "the best line on stage platform." The Toledo Blade says: "Mr. Frye's recitals really require another name to fitly describe a performance so deeply dramatic, so richly artistic. The impression left after his recital of a play is that of a dramatic performance, with every role filled by a competent actor. The 'Dramatis personae' are all before the listener, the scenery is there and the actors. Mr. Frye carries out the art of interpretation to its highest ideal of realization. The entertainer who has appeared in Toledo ever held or interested so many people an entire evening as did Mr. Frye single handed and unaided."

Time is the Test.

The Testimony of Norway People Stands the Test.

The test of time is what tells the tale. The public soon finds out when mis-

representations are made, and merit alone will stand the test of time.

Norway people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented?

A cure that lasts is the kind that every sufferer from kidney ills is looking for.

S. C. Foster, barber, Main street, Norway, Me., says: "Some years ago I had an attack of kidney trouble and Doan's Kidney Pills, procured at Stone's Drug Store, soon made me feel better in every way. On occasions since then when a cold has settled in my kidneys, I have taken a few doses of this remedy and have never failed to find prompt relief." (Statement given July 24, 1908.)

RE ENDORSEMENT.

On July 17, 1911, Mr. Foster said: "I willingly corroborate the statement I gave for publication a few years ago recommending Doan's Kidney Pills. I use this remedy occasionally, and it keeps my kidneys in a normal condition."

Caswell-Chapman.
A very pretty home wedding occurred
on New Year's Eve, at eight o'clock,
about forty guests being present, when
Miss Gathercole Caswell, daughter of
Mr. and Mrs. H. H. Caswell, and Harry
Wey Chapman, were united in marriage
by the Rev. C. N. Davis, pastor of the
Congregational church.
The wedding march was played by
Mr. and Mrs. Everett Chapman, relatives
of the groom.
The bride was beautifully gowned in
white lace over white silk, and carried a
shower bouquet of bride's roses.
The bridesmaid was Maude Johnson
from Scarborough. She wore a dress of pale
blue silk, and carried carnations. The
best man was Roger Bennett from Scar-
borough, a cousin of the groom.
The rooms were tastefully decorated
with evergreen and pink and white
carnations.
Shortly after the ceremony refresh-
ments of ice cream and cake were
served, after which the newly wedded
couple went to their new home, which
had been prepared for them.
They were the recipients of many
beautiful and valuable presents.
Mr. and Mrs. Chapman are two of our
most popular young people.

SOUTH WOODSTOCK.

Lella Thurlow.
Lella Thurlow passed away at her
home, Wednesday the 3d, of heart fail-
ure following diphtheria. She was the
second daughter of Mr. and Mrs. E. E.
Thurlow and has never been very strong.
She leaves a father, mother, two sisters
and two brothers. Lella had a pleasant
happy disposition and was much loved
by her schoolmates and friends. The
funeral was at the house Saturday. Rev.
Mr. Piper of Portland officiating. Her-
bert Curtis and Lorenzo Littlehale acted
as bearers. The burial was in the
South Woodstock cemetery.

Bert Lang is sick with diphtheria.
Mrs. Susie Woods is confined to her
bed by the grip.

Mary Hendrickson is ill with a bad
cold on the bronchial tubes.
Mr. and Mrs. Albert Felt spent Sunday
with her parents in Greenwood.

F. E. Davis purchased a new horse
from the Andrews' sale stable, Friday.
Mrs. I. W. Andrews is ill at this writ-
ing. Mrs. Nelson Lapham is caring for
her.

Mr. and Mrs. F. E. Davis and Ellie
took dinner with G. W. Q. Perham and
family, Sunday.

Minnie and Kate Cash were unable to
visit their school at Bryant Pond, this
week on account of sickness.

F. R. Andrews cut his ankle badly
last week. A doctor was called to dress
it. It is doing fine at the present time.

The farmers are busy harvesting their
crop. W. S. Davis and son, G. W. Davis,
E. B. Davis, C. M. Morrill, Percy Wilson
and several others commenced cutting,
Monday.

NORTH NORWAY.

Gladys Frost is helping at Howard
Knights'.

Many began harvesting ice, Monday,
but Tuesday had to break roads.

Joey Farnham is at Mr. Seavy's, laid
up with injuries received Saturday.

Mrs. Mary Witt and Mrs. Harriet
Brown were to entertain the Circle the
10th.

Howard Knight's family are suffer-
ing with pink eye. It seems to be going
round.

Confagration of Albany Basins House,
Sunday evening, was very plainly seen
from here.

Bad colds are prevalent. Mrs. I. J.
Jenkins has been sick two weeks with a
grippe cold.

Leon Noyes moved last week, leaving
four vacant houses and a store at Noble
Cornerville waiting for occupancy.

Mrs. Mel. Morey, who was so unfortu-
nate as to break her leg, can now sit up.
Her daughter, 12 years' old, does the
work, and has four children younger to
care for.

Blanche Haskell and brother from
Hathaway this week, hauling dressing
from Hill's livery stable to the farm.

Jim Adams and George McKenney
have finished work for Ralph M. Bacon
and are working for Leroy Titus, helping
put in ice this week.

PARIS.

she was unable to go to school, Monday
morning.

Miss Luce returned from her vacation
from her home in New Vineyard, Friday.
School began again Monday morning.

Mrs. J. C. Cummings has returned
home from Mechauc Falls, where she
has been staying with Mrs. George Cum-
mings, who is in poor health. She was
able to come with her and will spend a
few weeks here in Mrs. Cummings' home.

Mrs. Archie H. Curtis, who went to
the C. M. G. hospital at Lewiston for a
surgical operation, is reported as getting
along well and will soon be at home.
Annie Eastman is caring for the two
little girls and the two boys are with
their grandmother, Mrs. Ellen Curtis, at
South Paris.

Mrs. Caroline P. Harlow and Mary
Pierce left here last Saturday, the 6th,
for Swanton, Penn., to visit in the
family of Judge Potterill. They will also
visit in Massachusetts on their return
home. Mrs. Fred Shaw is taking Mrs.
Harlow's place in the post-office while
she is away, and Mrs. Bert Cole will
attend the library, Wednesday p. m., for
a month or more, while Mrs. Fred Shaw
is in the post-office.

The weather of Friday evening will
long be remembered. The wind blow-
ing and snow filling the air did not pre-
vent about one hundred and fifty attend-
ing the entertainment in the course of free
entertainments at Academy Hall, Yerna
Asie Noyes, reader, and the Lyric Quar-
tette gave a most pleasing entertainment.
Miss Noyes was also the piano accom-
panist. She was easy and graceful in
every movement. All felt sorry when
the last number was announced.

Jan. 4th was the 13th wedding anni-
versary of Mr. and Mrs. Ernest F. Shaw
of South Paris. They gave a party at
the home of her parents, Mr. and Mrs.
H. P. Hammond's, at Paris Hill in the
evening, inviting the whole club of
which they are members. Twenty-five
invitations were given out but only
seventeen were present. A treat of
assorted candies and salted peanuts was
served. The party broke up about 12
o'clock, pronouncing it a fine time.

BRYANT POND.

Fell Dead in the Road.
Samuel G. Sweetser, engineer at the
Willis portable mill, died very suddenly
Friday forenoon. He was in his usual
place at the mill in the morning, but
soon complained of a severe pain around
the heart. John Titus got a team to
take him home. They had gone only a
short distance when Mr. Sweetser fell
from the sled and died in the road.

He was a native of Cumberland county
and was for years an engineer on the
Grand Trunk. Leaving the road he
came to Woodstock and later married
Elia G. Swan, daughter of S. S. Swan,
and lived on the homestead farm until a
few years ago, when he came to this vil-
lage and purchased the Albert Mount-
fort place.

He was an industrious man, a good
neighbor and honorable in his dealings.
For over 30 years he had been a resident
of Woodstock. He leaves a wife, one
son, Frank Sweetser, two daughters,
Mrs. Freeman Whitman of West Paris,
and Mrs. Albert H. Russ of Woodstock.

Thirty below zero at Pinhook Jan. 8th.
The Board of Health allowed the
schools to open again Monday.

Frank Newell of Old Town and his
two boys are visiting at Sook Newell's.

Ralph Bacon's house caught fire, Sun-
day night, caused by an overheated
chimney.

There will be another ball at the
Opera House, Friday evening, Jan. 12.
Music by Davis' orchestra, four pieces.

Ernest Cushman came from Water-
ville last week, after calling on
friends here returned to his home in
Gorham, N. H.

The Dearborn Spoon Co.'s factory
started up again Monday, having shut
down New Year's week. Frank P. Cole
of the firm returned, Friday, from a
business trip to Newark, N. J.

Mrs. Abbie B. Dunham received a post-
card shower from her friends Jan. 6th,
the anniversary of her 88th birthday.
She is the oldest resident of our village
and came here with her husband, the
late Rufus K. Dunham, when there was
only a good out of doors Mrs. Dunham
the village was eventually built up. There
were ten in her father's family all of
whom have passed away except her and
a younger brother, Ebenezer Bates, who
resides in Massachusetts. Though un-
able to get out of doors Mrs. Dunham is
enjoying fair health for one of her years
this winter.

Whitman District.

Elvorne E. Whitman is working for
George K. Coffin.

Tom Greene and Dan Walker are help-
ing haul ice for Titus this week.

Harry Howe is hauling white birch
from the Packard farm to the Willis
mill at Paris.

John Powers is working for J. E.
Hathaway this week, hauling dressing
from Hill's livery stable to the farm.

Jim Adams and George McKenney
have finished work for Ralph M. Bacon
and are working for Leroy Titus, helping
put in ice this week.

GREENWOOD.

Hazel Miller visited Mrs. Edward R.
Ray over Sunday.

Fresh eggs are bringing 30c a dozen;
butter 30c per pound.

Hazel Millet closed a successful term
of school, Friday, Jan. 12.

Sylvester Cole has been very ill the
past week. He is better now.

George Proctor is hauling a large sup-
ply of birch to Will Emmon's mill.

Mrs. Charles Swan and children called
on her father, Sylvester Cole, Sunday.

It was so terribly cold, there were no
servants in the coach, Sunday evening.

Mrs. Allen Cole is resting comfortably
and her little boy, Clifton, is doing
nicely.

This has been the coldest, soap in
years and there has been more or less
suffering.

The teamsters have started to use the
wood road to West Paris, by doing so it
cuts off over a mile.

Lenell Yates and wife and daughter,
also George Yates and wife called on
Walter Emmons, Sunday.

Edgar Morgan has hauled up his year's
supply of wood, eighteen cords in all.
It is always a pleasing sight to see a
large pile of wood packed up ready for
the stove.

The local fishermen have heard from
the Fish and Game commissioners.
They cannot take the law of Rick-
ton till the next session of the State
Legislature. We hope they will be suc-
cessful.

Most of the neighboring farmers have
put in their year's supply of ice. Lester
Morgan and his friend from East Scan-
ner, Mr. Elwell, have been cutting the
ice. They cut twelve hundred oaks in
three days, a very good record. The ice
was very clear that has been harvested
this winter and will last well.

While Allen Cole was hunting last
week he was in a fine fox in the field
of the town farm. After chasing the
animal for some distance he was unfor-
tunate to see it run into a hole under a
large stone. He thinks the fox has died
and is now making arrangements with
Will Farr, another of our local hunters,
to blow the stone away with dynamite
so as to capture the pet, which is very
valuable. Allen has been very success-
ful in hunting foxes the last few years,
catching as many as twenty-five some
winters.

South Cornish this week, where he has
worked in the woods for his uncle,
Nathan Sanborn.

Mr. and Mrs. Philip Durkin attended
the joint installation of Pearl Rebekah
and Pequot Lodge, I. O. O. F., in
Brownfield, Friday night, and had a
most enjoyable time.

Several from this place attended the
box supper at Porter, Wednesday night,
among them being Mr. and Mrs. Lorin
Spring, E. R. Libby, Mrs. Jesse Gil-
patrick and Elly Day.

Albany Basin House Burned.

The Albany Basin House was burned
Sunday evening about 7 o'clock when
thermometer 22 degrees below zero. The
hotel was owned by G. H. Sperry of
Brookline, Mass., and it is supposed
that he has an insurance on the property.
It was occupied by Mr. and Mrs. W. H.
Ray, daughter and son. Mr. Ray lost
his entire household property. There was in-
surance of his household property.

The fire caught near the chimney in
the large dance hall on the second story,
and the family, who were in the lower
part of the house, far from hall, did
not know that the building was on fire
until they were notified by neighbors,
that the roof was all in flames. W. H.
Ray, his wife and daughter and her
little son were the only ones in the
house, as there are no neighbors
within nearly two miles, the house was
enveloped in flames before any one could
reach the house.

Ernest Nason's family saw the fire. At
once the telephone operator, Mrs. C. N.
Eastman rang the alarm on the tele-
phone, but before sufficient help reach-
ed the fire, it was beyond all hopes of
saving even the household articles, and
the people could only stand by and see
it crumble into ashes before their eyes.
The barn and outhouse which are located
some distance from the hotel were saved
however.

The hotel has only just been remodel-
ed throughout by Mr. Sperry and made
into a two-story and half building in
readiness for the coming season's trade.
A great deal of expense and work had
been laid out on the buildings.

Mrs. Ray was so affected by the fire,
Monday, she suffered a severe nervous
attack, and the little boy, who froze his
feet, required the care of a physician. At
present the family are remaining with the
Eastman's at North Waterford.

BROWNFIELD.

SWIFT'S LOWELL FERTILIZERS

Swift's Lowell Animal Fertilizers give you plant food in Nature's richest forms. They are made of Bone, Meat and Blood, with high grade Potash added. For restoring rundown soils, organic matter is absolutely needed. It opens up the heavy clay to light and air, warms the soil, and furnishes available plant food from the very start. Swift's Fertilizers do more than nourish crops—they build up the soil for years.

"I have raised this year 1450 bushels of Gold Coin Potatoes on 3 1/2 acres of land. I used five tons of your Superior Fertilizer. Last year we raised 2000 bushels on 5 1/2 acres and used a ton of Superior per acre."—CORA E. VOSE, Kinox Centre, Me.

"I planted a field of corn, the land having previously been in grass for several years. I gave the land a high coat of manure and then used your Swift's Lowell Bone Fertilizer in the drill when planting. The corn was the White Southern Fodder corn and it averaged all over the place at least 15 feet in height. The ears were about 6 to 7 feet from the ground, and I harvested between 50 to 70 tons of silage from these two acres. One man who has been working for three weeks in the neighborhood filling silos, stated that he did not see a piece of corn in the town that could touch this one."—DOW, T. RILEY, Salem Depot, N.H.

They are safe and efficient, may be used with or without manure, and are always uniform. See our local agent or write us direct. Pocket Handbook free.

No More Cold Hands

A woman often does not notice what a cold day it is so long as she is bustling around the house. But when she sits down to her sewing and mending, she soon feels chilly.

It is then she needs a Perfection Smokeless Oil Heater. Its quick, glowing heat warms up a room in next to no time.

That is the beauty of a Perfection Smokeless Oil Heater. It is always ready for use; you can carry it wherever you please; and you light it only when you want it.

The Perfection Oil Heater is smokeless and odorless—a patented automatic device insures that. It is reliable, safe and economical—burns nine hours on one filling. Handsome, too—drums finished either in blue enamel or plain steel, with nickel trimmings.

BUCKFIELD.

Warren Camp, No. 78, Sons of Veterans. The public installation of officers of Warren Camp, No. 78, Sons of Veterans, took place in Odd Fellows hall. A large number of visitors and members were present, and the installation was done by Past Commander Thomas W. Prince, assisted by C. W. Raymond of the Capt. Buckman Camp, Mechanic Falls. Previous to the installation the camp was inspected by Commander C. A. Goodwin of Mechanic Falls.

The meeting was called to order by Acting Commander James E. Warren, and the following is a list of the officers installed for the coming year:

C.—James E. Warren.
S. V. Com.—Warren S. Record, Jr.
V. Com.—George B. Shaw.
P. M.—Franklin Lamb.
Sec.—Charles M. Ricker.
G. E.—Henry L. Parker.
Guard—Charles Jordan.
Musician—Charles W. Brown, Jr.
L. G.—R. Sidney Sedgwick.

After the installation, supper was served in the dining hall below, and the remarks by several of the veterans and ladies of the Relief Corps were listened to with much interest. Later the floor was cleared and the remainder of the evening spent in dancing.

The high wind partially unroofed the vinegar factory.

Schools opened after New Year's after a two weeks' vacation.

Dr. H. M. Heald has bought the speedy mare Hazel of M. W. Farrar.

The little three-year-old daughter of Mr. and Mrs. Stanley DeCoster was burned about the face and upper part of the body Tuesday evening last week. While her mother was absent from the room the child was playing with a match, and when her mother returned to the room the child's clothing was blazing. J. F. Withington, who happened to be passing heard the mother's cries and his promptness no doubt saved her child's life. He rolled it in a rug and extinguished the fire.

What Others Say.

"The Maine Farmer says:—The dairy conference which was held at Portland was announced by the Commissioner of Agriculture at the Annual State Dairy Meeting, under the control of the Department of Agriculture and the State Dairyman's Association; and this would make it appear that there is likely to be a conflict between the management of the two dairy meetings held in the town to which shall be the legal state conference which shall have the state appropriation."

Catalogue of the University of Maine.

The University of Maine has a faculty of instruction and investigation which numbers 106, and there are 25 other officers and employees. The University is divided into five coordinate divisions, as follows:—College of Agriculture, College of Arts and Sciences, Maine Agricultural Experiment Station, College of Law, and College of Technology.

Each college is presided over by a Dean and the Experiment Station by a Director. The faculty in each of these divisions numbers as follows:—College of Agriculture, 18; College of Arts and Sciences, 44; College of Law, 10; Maine Agricultural Experiment Station, 14, and College of Technology, 22.

The total number of students is 896; of these 701 come from Maine, and 195 from out of the State. Massachusetts sends 120, and there are six from foreign countries. In Maine the various courses are represented as follows:

Androsogin..... 37 Oxford..... 40
Ansootook..... 30 Penobscot..... 25
Cumberland..... 23 Piscataquis..... 19
Franklin..... 11 Sagadahoc..... 19
Hancock..... 32 Somerset..... 30
Kennebec..... 49 Waldo..... 32
Knox..... 21 Washington..... 41
Lincoln..... 22

Of the total number of students listed in the catalog 609 are candidates for degrees. The remaining students are taking or have taken short courses in agriculture, or have attended the summer term. The following are the students working for advanced degrees:

With the coming of a new president a somewhat different classification has been made in the officers of administration. The president, the dean, the treasurer, the secretary and the commercial secretary are officers in the University proper; in the colleges and experiment station are the director and the various college deans; the officers of other departments are the librarian, the military instructor, the professor in biology, Professor Chrysler in history, Professor G. W. Stephens, Acting Head of Economics and Sociology, Professor Simmons in Astronomy and Associate Professor Hinchings in Horticulture.

The library shows an important growth. It contains at present over 45,000 volumes and 10,000 pamphlets. Hannibal Hamlin hall and Winslow hall appear for the first time under their new names; the former, a dormitory for men, is a four story building, 35 feet wide and 168 feet long, and contains 113 rooms above the basement. The building formerly known as the Commons has been thoroughly remodeled and divided into offices and recitation rooms for the department of English, and is admirably adapted to this purpose. In honor of Professor H. M. Estabrooke, for eighteen years head of the department of English the building has been named Estabrooke hall.

The list of prizes has been increased by two, the Wingard Cup to be awarded to that student who has won his M in athletics, and has made the greatest improvement in his studies; and the Father Hinton prize, given to that student who writes the best essay on Modern Literature.

A GIRL'S WILD MIDNIGHT RIDE.

To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious but her lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dread cough and lung disease," writes W. R. Patterson, Wellington, Tex. "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by The Noyes Drug Store, 14

Our Dumb Animals.

Our Dumb Animals comes on us with a new dress with the January number. It has heavy covers, in four colors, coated stock. The magazine is set in new monotype, eight point or nine point. It is finely illustrated and well printed.

Our Dumb Animals has had a continuous existence for forty-four years and is printed by the Massachusetts Society for the Prevention of Cruelty to Animals. It was formerly edited by the late Prof. George T. Angell, well known personally in the western part of Oxford County where he sometimes spent a vacation.

While the magazine may not have been a money maker, it has done a vast amount of good. The sentiment of people has been so changed that now the lot of dumb animals is much improved.

Catarrh of Stomach.

Indigestion and Stomach Agony Quickly Ended.

If you went to thirty doctors and paid each his fee for a prescription for indigestion or stomach misery it is ten chances to one you wouldn't get such a good prescription as the one from which M-C-O-A stomach tablets are made.

How can such a thing be? you naturally ask.

Simply because the man who wrote the prescription from which M-C-O-A tablets are made knows more about stomach diseases than 98 per cent. of all the physicians in America, and he gets paid for knowing.

And when you get a large box of tablets made from this doctor's prescription for only 50 cents, are you going to continue to suffer? Sold by Frank Kimball, proprietor of the Noyes Drug Store and druggists everywhere. 22-2

Back to the Oldtime Remedy for Dyspepsia.

You may experiment with many so-called wonderful new discoveries for the cure of Dyspepsia, Liver trouble, or Constipation, you may spend many hard earned dollars for the widely advertised pills, powders or tablets, and after trying them all, you may find yourself practically no better than when you commenced. There is one safe, speedy, reliable, household remedy, which has been prepared and sold in Maine for more than sixty years, and which has given relief to thousands of sick and suffering persons—the true and original L. F. Atwood's Medicine or Bitters. Doubtless your mother or grandmother kept it always in the house ready for use in time of trouble, and you will be glad to get back to it after a series of disappointments. Get a bottle today, and be prepared to ward off sickness. Thirty-five cents at your dealer's. The "L. F." Medicine Co., Portland, Maine.

NORTH PARIS.

Mrs. Charles Burnham spent a few days in Portland with her parents, last week.

Several couples from this place attended the New Year ball at West Paris, Jan. 1.

The V. I. S. held its second meeting Tuesday evening, Jan. 8th, and sixteen new members joined, making 40 members.

B. O. Lowe was chosen vice president. It was voted to give an entertainment in the future for the purpose of raising funds to secure a hall. An entertainment committee was elected consisting of B. B. Lowe, H. D. McAllister, L. Y. Lowe, Mrs. Addelyn Burnham, Mrs. Jesse Cushman and Mrs. Sadie Silver.

Next meeting will be held Jan. 16.

Rev. G. H. Young of West Paris gave the citizens of North Paris a fine lecture, Jan. 8, on his experiences as a cowboy in the far West where he spent several years. His description of the cowboy life illustrated by stereopticon pictures gave a good idea of the methods of handling cattle on the ranches. Also fights with the Indians which he participated and the methods employed by cattle thieves to rustle stock, and especially his description of a Blackfoot Indian running the gambler between two lines of Sioux warriors, was particularly fine. A typical western welcome, to a tenderfoot and its result, also illustrated by moving pictures, was especially good. Owing to the storm Mr. Young's next lecture, The Passing of the Indian, will be postponed until Jan. 16.
